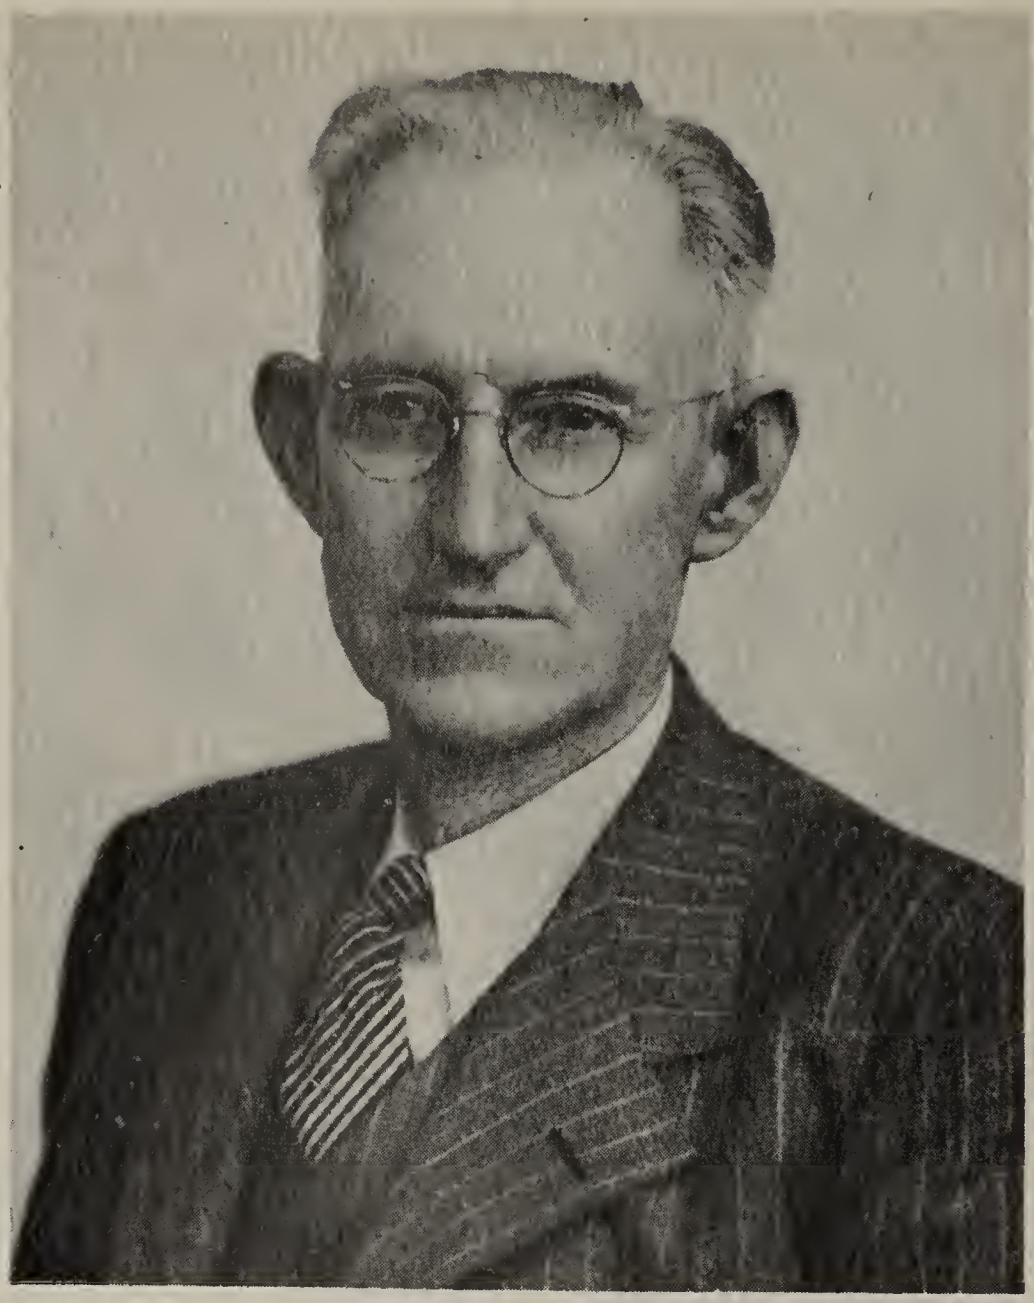
THE TROJAN

PUBLISHED BY

Talco Independent School

School Building

DEDICATION



Mr. C. E. Walker

This 1946-47 school annual. THE TROJAN, is with respect and appreciation dedicated to a man, who, now for half-a-score of years has unselfishly given of his time and effort to see that the Talco School grew into the kind of a school that would, first, develop boys and girls into men and women of character, and second, prepare them to assume becomingly their responsibilities as gooa citizens of any community in which they might find themselves. This man, whom we have come to love, Mr. C E. Walker, has always been a friend of the Talco Schoo To dedicate this annual to him is too little for us to do in his honor; yet it is a little way in which all of us may have a share. Thank you, Mr. Walker, for what you have done for Talco School!

SUPERINTENDENT'S MESSAGE

Greetings:

The present is a time for greatness. It is a time made for a great leadership and a great people. The task of schools today is the education of youth and adults for democratic living in a society where the power of atomic energy has been turned loose. Unbelievable energy is in the hands of people who have not yet learned to live together even in the simple environment of home or office. It is time for understanding, for courage, for wisdom, for tolerance and charity on the part of all groups and classes. It is a time for a great education, for an education generously and nobly conceived, for an education that expresses boldly and imaginatively the full promise of America. Together we are building a great school here at Talco. I am glad to be a part of a great school and a great community.

Sincerely yours,

J. Lyndal Hughes

J. Lyndal Hughes
Superintendent

PRINCIPAL'S MESSAGE

F. W. Pauling

Greetings:

School is out! Another year has passed. What have we accomplished? These are usual statements heard at the close of any school year. Talco High School students may well be proud of the past year. A higher standard of scholarship has been set by the student body. Four Seniors have been recognized in the Student Register covering the entire South. We have become members of the National Student Council organization. The student body as a whole has undertaken definite projects which have been completed successfully. Teachers and students have worked together more closely than ever before. All these things are indications that a true democratic spirit is being developed in our high school.

Real education includes the ability to get along with your fellowman and to participate in activities that promote the general welfare. We commend you for the progress made.

Sincerely yours,

F. W. Pauling

Treasured Memories

Your yearbook is a store of treasured memories. The oft repeated thrill of recollection which accompanies each new search through its pages will many times repay you for the care and consideration which has gone into its creation.

We are proud of the part we have had in the production of this book. It indicates the wealth of ideas and ability which have made possible the long record of our school annual achievement.
